

RICE SCHEME

Regular Interlaboratory Counting Exchanges

CLASSIFICATION OF LABORATORY PERFORMANCE

Laboratory No. : **1367**

Period : **11/03/2022** TO **10/03/2023**

Rounds : **119, 120, 121, 122**

Laboratory : **Scientific Services Ltd (Cornwall)**
The Fuel Depot
Scorrier
Redruth
Cornwall
TR16 5UT
UK

Classification : **Category 1 - GOOD**

Notes

- 1 The RICE scheme test proficiency in the use of the optical microscopy method of counting asbestos fibres as described in the Health and Safety Executive publication HSG248
- 2 The classifications will be updated after each subsequent round i.e. at 3 - 4 month intervals
- 3 Laboratories which have completed fewer than four rounds are normally classified as AWAITING CLASSIFICATION.
- 4 On completion of four rounds laboratories are classified with the performance category (CATEGORY 1, CATEGORY 2 or CATEGORY 3). Category 1 represents GOOD performance, Category 2 is ACCEPTABLE (but needs improvement), while Category 3 is UNSATISFACTORY performance.

SUMMARY OF LABORATORY RESULTS : ROUNDS **119, 120, 121, 122**

Laboratory : **1367**
Scientific Services Ltd (Cornwall)
TR16 5UT , UK

ROUNDS				NUMBER AND PERCENTAGE OF COUNTS IN PERFORMANCE BANDS			
ROUND	GROUP	BATCH	ROUND DEADLINE DATE	BAND A	BAND A AND BAND B	BAND -C	BAND +C
122	164	164	10 Mar 2023	8	8	0	0
				100%	100%	0%	0%
121	128	204	04 Nov 2022	8	8	0	0
				100%	100%	0%	0%
120	81	103	24 Jun 2022	7	8	0	0
				88%	100%	0%	0%
119	137	186	11 Mar 2022	8	8	0	0
				100%	100%	0%	0%
Four-round average percentages				96.9%	100.0%	0.0%	0.0%
				Category 1 - GOOD			
Categories from previous rounds			ROUND	122	121	120	119
			CATEGORY	1	1	1	1

CALCULATION OF CATEGORY

In routine cases, if the four-round average percentage of counts in Band A is 75% or more, the Category is 1; failing that, if the average of counts in Bands A and B combined is 75% or more, the Category is 2; otherwise the Category is 3.

The Category may be subjected to review (e.g. if one of the four rounds was missed or if an extra batch of samples was evaluated)

Full details on the assessment of categories, and on the formal performance classifications, are given in the document "RICE Information for Participants"
